*****PAINT SCRATCHING IN THE GIRLS' WASHROOM STALLS*****

The girls' washroom stalls were painted in the summer. Students have been vandalizing the stalls by scratching off the paint. This creates unnecessary work, costs, and does not respect the shared space of all. The stalls have been repainted. If the vandalizing occurs again, the following will occur:

1. The girls' washroom will be locked.
2. To use the washroom, you will need to ask for the key from the general office.
3. This will create an inconvenience for all.

Just like a centurion, let us all do our part, hold each other accountable, and keep our shared spaces clean, tidy, and proper.

SCENT SENSITIVITIES

Students are asked to limit the use of body sprays, or the use of other fragrances, to the washrooms, not around lockers or in the hallways. There are people in the building that have scent sensitivities so we want to be respectful in their space.

SCHOLARSHIPS
